

15<sup>th</sup> June 2021,

Dear Parents/Carers

Last week Sandwell Local Authority made an application to central government to reintroduce the wearing of facemasks in secondary schools. Yesterday we received confirmation from the Joint Biosecurity Centre lead that their request has been agreed by Ministers. Therefore from tomorrow Wednesday 16<sup>th</sup> June 2021 we require students, staff and visitors to wear facemasks both in classrooms and whilst moving around the building, unless they are exempt. We encourage all students and parents to ensure they have suitable masks until further notice.

Sandwell Authority have strongly advised that we all follow this procedure. Your safety, is always the most important factor for us. We will let you know if we receive any further advice.

Yours sincerely,

A Price  
Principal
