

Dear students,

Welcome to 7T1. You have been placed into TRINITY house. You will need to ensure that you purchase a BLUE striped tie to reflect the house that you are in. These can be purchased from our official uniform supplier www.clivemark.co.uk/clive-mark-bearwood.

My name is Miss Akter and I am really looking forward to being your form tutor from September! I am a Psychology and Sociology teacher at George Salter Academy and September will be my third year of teaching here!

As your form tutor, it is my responsibility to support your transition from primary to secondary school and ensure that you settle into school life without any worries or concerns. If you have any concerns, I want you to be reassured that we are here to help and that we will ensure your transition into secondary school is a positive experience.

As a psychology teacher, I love investigating the mind; what makes it so fascinating and why we are the way we are. I am looking forward to spending form time looking at fun experiments that we can partake in and exploring how our mind impacts the way we interact with those around us. In the meantime, have a look at this short video to test your mind! <https://www.youtube.com/watch?v=ubNF9QNEQLA>

In my spare time:

- I love baking to maintain my creativity. I look forward to hearing about what you do to be creative!
- I love reading books to keep my brain active and watching documentaries, especially the ones linked to crime and thrillers. I look forward to finding out about your favourite movies and series'.
- I love exploring and discovering hidden gems in the UK. This includes sightseeing, being in awe of the magnificent views ranging from castles and lighthouses to waterfalls and mountains. I am looking forward to learning about your hobbies and interests too.

Due to the unusual times we are in now, I am unable to meet you in person yet and instead I am sending this letter to you. Keep safe and stay positive, and I look forward to meeting you soon.

Kind regards,

Miss Akter
