

			Lesson Focus	Homework	Assessment	Field trip
Autumn 1	06.09.21	Week 1	Characteristics of the desert Characteristics of the desert	Homework Booklet Activity 5- Hot desert characteristics	Lesson 9- Mini Knowledge Test One	
	13..09.21	Week 2	Thar desert- Hot desert case study Thar desert- Hot desert case study	Homework Booklet Activity 6- The Indira Gandhi Canal	Lesson 13- Mini Knowledge Test Two	
	20. 09.21	Week 3	Desertification Desertification	Homework Booklet Activity 7- Revision Resource		
	27.09.21	Week 4	. Revision. Summative Assessment	Revision	Lesson 16- Summative assessment	
	04.10.21	Week 5	Urban – Global pattern of urban change – factors affecting growth	Homework booklet		
	11.10.21	Week 6	Urban – causes of urbanisation and different rates of growth	Homework booklet		
	18.10.21	Week 7	Urban – Mumbai importance and opportunities and challenges	Homework booklet	6 marker	
Autumn 2	1.11.21	Week 8	Urban - Mumbai opportunities and challenges	Homework booklet		
	8.11.21		Urban – Mumbai improvements	Homework booklet	Developing a model answer	
	15.11.21	Week 10	Urban – Opportunites for Birmingham and the impact of national and international growth	Homework booklet		
	22.11.21	Week 11	Urban - Challenges facing Birmingham	Revision mind-map	Two four markers	
	29.11. 21	Week 12	Urban - Challenges facing Birmingham including urban sprawl and commuter towns	Revision mind map	9 marker	
	6.12.21	Week 13	Urban – regeneration case study	Sustainable urban transport homework		
	13.12.21	Week 14	Urban - Sustainable urban living	Revision	6 marker	
Spring 1	3.01.22	Week 15	Urban – End of Unit assessment and DIRT			
	10.01.22	Week 16	UK Physical – Relief of the UK and coastal processes (wave types and erosion)	Revision for knowledge tests		
	17.01.22	Week 17	UK Physical - Coastal processes (mass movement , transportation and weathering)	Revision for knowledge tests		
	24.01.22	Week 18	UK Physical - Coastal erosional landforms	Revision for knowledge tests		
	31.01.22	Week 19	UK Physical – Coastal depositional landforms	Revision for knowledge tests		
	7.02.22	Week 20	UK Physical - Coastal management – case study	Revision mind map	6 marker	
	14.02.22	Week 21	UK Physical – Coasts revision, end of topic assessment and DIRT	Revision mindmap	15 marker	
Spring 2	28.02.22	Week 22	UK Physical – River changes down its course	Homework sheet 1		
	07.03.22	Week 23	UK Physical – River erosional features	Landforms revision		
	14.03.22	Week 24	UK Physical – River depositional features			

	23.03.22	Week 25	UK Physical – River Tees case study	River Tees case study sheet	Fieldwork to Carding Mill	
	30.03.22	Week 26	UK Physical – River Flood hydrographs and causes of flooding	Flood hydrographs	Comparison of two hydrographs	
	4.04.22	Week 27	UK Physical – River Flood management and case study	Revision		
Summer 1	25.04.22	Week 28	Assessment - 15 marker qu 4 2019 paper.			
	2.05.22	Week 29	Economic: Global variations in development and impact on quality of life	Revision for knowledge test		
	9.05.22	Week 30	Economic: Development indicators	Revision for knowledge test		
	16.05.22	Week 31	Economic: Demographic Transition Model, population pyramids and development	DTM exercise		
	23.05.22	Week 32	Economic: Causes and consequences of uneven development	Revision for knowledge test		
Summer 2	7.06.21	Week 33	Economic: Tourism in Jamaica	Revision for knowledge test	6 or 9 mark question	
	15.06.21	Week 34	Economic: Importance of location of Nigeria and industrial structure	Linking factors of poverty to Nigeria's development		
	22.06.21	Week 35	Economic: Nigeria changing industrial structure and TNC	Revision on key facts for Nigeria	4 marker	
	29.06.22	Week 36	Economic: the impact of aid on Nigeria	Resource based question		
	5.07.22	Week 37	Economic: the structure of the UK economy and how it is changing	UK's global position		
	12.07.22	Week 38	Economic: How is the UK's economy post industrial	UK trading partners		
	19.07.22	Week 39	Economic: Growth and decline of rural populations. The North South divide	UK in the Commonwealth		
			Economic: The north south divide and the impact of transport strategies	Revision for end of unit assessment	9 marker	
		Economic: The UK in the wider world. Assessment and DIRT Qu2 2019 paper	How can water supply be increased	6 marker		

Skills audit

	Atlas maps	OS maps	Maps alongside photos/ use of sources	Enquiry process	Graphical skills	Numerical and statistical skills	Types of question
Ecosystems	Using maps for location		Labelling and annotating photographs		Food chains and food webs. Plotting climate graphs	Interpreting climate graphs	
urban		Use of OS maps to examine site advantages.	Interpretation and annotation of aerial photos.		Use of line graphs for continuous data. Pie charts. When to use different types of graph		Application questions using data sources. Putting together a 9 marker using the BUG method.
UK Physical		Coastal landforms mapwork 2018. Contours	Interpretation of different landforms		Hydrographs		
Economic	Interpreting global distribution maps and use of GCSE	OS map and aerial photo interpretation	Describing and annotating pictures. Interpreting cartoons. Application of multiplier effect diagram. Photo based question. Use of line graphs to show changes through time		Use of scatter graph question. Interpreting specialist graphs – population pyramids and the DTM. Interpreting bar graphs.		Data based question. 6 mark and 9 mark questions.

Hazards		Map interpretation – describing distribution				Intensity and frequency work	Short answer questions. 4, 6, 9 mark answers
Global resource management		Interpretation of different types of map			Interpretation of different types of graph	Energy data and graphing sheet.
